Art Unit: 3662

1. Claim 21 is allowable over the prior art of record.
2. It is noted in the remarks submitted with the Amendment of 04 May 2006 that Applicant has argued that the method of claims 1-10 and the computer-implemented method of claims 11-20 are directed to statutory subject matter under 35 USC 101 by "determining an efficient configuration for a receiver," which, "produces a result in the form of a receiver configuration that is useful, tangible, and concrete" (Response of 04 May 2006, page 10, first full paragraph).

In response to Applicant's arguments with the Amendment of 04 May 2006, it is pointed out that the amendments to independent claims 1 and 11 are limited to the preambles of these claims and that these preamble changes fail to add any step that actually performs a step of implementing the receiver configuration arrived at in the methods of claims 1 and 11. It is pointed out that the final method step in newly-added independent claim 21 (lines 11-12) would be sufficient to make both claim 1 and claim 11 statutory under 35 USC 101. Absent any convincing arguments to demonstrate that claims 1-20 as presently written are directed to statutory subject matter under 35 USC 101, the rejection of record of claims 1-20 under 35 USC 101 as set forth in the Office Action of 31 January 2006 is hereby maintained as set forth in that Office Action.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
